

# EMMANUEL ONI

---

Toronto, ON • +14388824291 • pelum1@my.yorku.ca

## Professional Summary

Versatile Information Technology Consultant with 6 months helping optimize IT spending and exploit technical assets. I have useful industry knowledge of Networking, Linux Systems Administration, AWS Cloud services and security testing from working on personal projects. As a current IT university student, what I don't have in work experience, I make up for with self motivated hard work and willingness to learn, grow and adapt to the industry.
